PROFILE

I am a passionate second-year Computer Science (CSE) student with a strong interest in Full Stack Web Development. I have hands-on experience building small web projects using C, C++ HTML, CSS, Java, React, Node.js. I am eager to learn new technologies, collaborate in teams, and grow my skills to build scalable applications. Seeking opportunities to further develop my technical expertise through internships and real-world projects.

WORK EXPERIENCE

MoreYeahs: Innovative IT Solutions for Your Business Needs

Feb 2025 - March 2025 - **INTERN**

- Performed manual testing on web-based applications to identify bugs and usability issues.
- Prepared and executed test cases based on client requirements.
- Collaborated with development team to report and verify bugs through bug tracking tools (like JIRA, if you used any).
- Gained exposure to Agile methodologies and software development lifecycle (SDLC).
